

About the project

The project partners prepare together an Advent calendar with tasks for children. Tasks should be linked with the tradition of Christmas in the partner countries. Every day from 1 to 24 December children will do new tasks and learn about Christmas traditions of their partners. Ready tasks and gained information will be placed on the TwinSpace.

AIMS

- Knowledge of Christmas traditions of the partner countries.
- Get to know other cultures.
- Learning words in English and other languages.
- Get acquainted with new technologies and communicate with European schools and share experience.
- Use of ICT tools in education.
- Use of the programming in the implementation of the project.
- Develop manual dexterity.
- Joyful waiting for Christmas.

WORK PROCESS

November:

- Presentation of the partner schools (partners will prepare something about their schools (photos, presentations, videos, drawings, etc.) and put in the TwinSpace).
- Competition for the logo design.
- Partners are preparing advent calendar (partners prepare 6 tasks to the advent calendar. Tasks can be (the recipe for the traditional festive food or drink in your country, decoration which is always on the Christmas tree or at home, carol, games, stories, drawings, etc.).

December:

- Children do one task from advent calendar every day. Results put in twinspace.

January:

- Summary project and evaluations.

EXPECTED RESULTS

- TwinSpace
- Advent Calendar in Thinglink.
- Blog about Christmas in Europe.
- Exchange Christmas cards.
- Cook's books with recipes for Christmas dishes from Europe.
- Create common Christmas stories.
- common Christmas songs.
- Christmas game.
- Videos.
- European Christmas tree and other things.
